## hamilton bathware

**SUPERIOR FINISH-** AcrylX™ AcrylX has a visibly true white, deep lustrous finish that can only be achieved with an acrylic surface. Whether in a warehouse or a new house, an AcrylX product will resist scratching, cracking and chipping and will maintain a "factory-new" finish over its lifetime. AcrylX's™ UV properties resist fading, low porosity helps maintain luster and make cleaning easier, and other natural properties make it less susceptible to chemicals. AcrylX™ bathware- stronger, brighter white- is covered by an unprecedented lifetime, limited warranty.

**CenturyStone™ SOLID SURFACE** is patented, solid surface technology that creates a strong, long lasting, seamless, non-porous, solid surface product. Perfect for healthcare, hospitality and up-scale residential applications. Aquarius solid surface bathware is covered by a ten year, limited warranty.

Color samples are representative only. Printing may cause some variations to the color. To purchase color chip samples please contact customer service. Non-standard colors may be found on our websites or requested by contacting customer service. As in all batch manufacturing, slight variations may occur.
